

THE TOMMY GATE®
CANTILEVER SERIES
for the Ford Transit®

THE FIRST CHOICE IN CARGO VAN LIFTS.

The ideal cargo-lifting solution for modern vans, The Cantilever Series, is now available for the new Ford Transit.[®] Specifically designed to work seamlessly with contemporary commercial vans, Cantilever Series models feature large, corrosion-resistant, extruded aluminum platforms which fold laterally to allow access to the rear of the vehicle while the lift is in its stored position.

MODERN DESIGN. TRADITIONAL TOMMY.

Built in Woodbine, Iowa, as all Tommy Gate products have been for over 49 years, Tommy Gate's Cantilever Series is an exemplary model of the modern hydraulic lift. Van drivers and cargo handlers love the look, feel, and efficiency of this versatile machine.

Tommy Lifts are industrial products for material handling only and are not to be used as personnel or wheelchair lifts. For safe handling and operating instructions, visit www.tommygate.com. © 2017 Woodbine Manufacturing Company, Inc. All rights reserved.
